Inspection Report Nos. 50-456/79-06 and
50-457/79-06

Dear Mr. Keppler:

Reference (a) transmitted an inspection report regarding an inspection conducted on May 3, 1979 by Messrs. E. R. Schweibinz and C. E. Jones of your office of activities at Braidwood Station. That report identified an apparent deviation from commitments made by Commonwealth Edison Company in previous correspondence with the NRC. Recent discussions between Commonwealth Edison personnel and Mr. Schweibinz have resolved this item. On Monday, June 25, 1979 Mr. Schweibinz informed Mr. R. Cosaro, Braidwood Project Superintendent, that the apparent item of deviation will be withdrawn in a subsequent report and that no response by Commonwealth Edison to this item is required.

Please address any additional questions that you might have to this office.

Very truly yours,

C. Reed
