Director of Nuclear Reactor Regulation
Attn: W. P. Gammill, Chief
Operating Reactors Safeguards Branch
Division of Operating Reactors
U. S. Nuclear Regulatory Commission
Washington, D.C. 20555

REF: Facility Operating License
No. DPR-34

Net No. 50-267

Dear Sir:

Please replace page 6 of the September Monthly Operations Report with the attached revision. This revision is to correct the Cause and Corrective Action to Prevent Recurrence for 79-12. It was inadvertently stated that there was an agreement between Public Service Company and the Commission to shutdown the plant whereas in fact Public Service Company elected to shutdown until these inconsistencies were resolved.

Very truly yours,

Don Warembourg
Don Warembourg
Manager, Nuclear Production
