Dear Mr. Keppler:

The Code of Federal Regulations 10 CFR 50, Appendix E, concerning Emergency Plans for Production and Utilization Facilities, requires written agreement of arrangements made with outside agencies with responsibility for coping with emergencies.

This letter requests the assistance of the Nuclear Regulatory Commission in the event of an emergency as set forth in the Quad-Cities Nuclear Power Station Emergency Plan. Please sign and return the extra copy of this letter for our files.

On October 16, 1979, at 10:00 a.m., there will be a meeting of all Emergency Plan off-site support agencies. You are invited to attend this meeting. We will meet in our Station's Red Chair Meeting Room. If you have any questions or will be unable to attend this meeting, please contact Paul W. Shafer of our Radiation Protection Department.

Sincerely,
