NRC PUBLIC DOCUMENT ROOM

Dear Mr. Goodhope:

I would like to register my opposition to the Pilgrim II nuclear plant that is proposed for construction on the Cape Cod Canal. I feel that it is impossible to evacuate the Cape in the event of a serious problem at the proposed plant. Also, the Cape is very dependent on its tourist industry. A Three Mile Island situation could truly hurt the future of the Cape. The plant just doesn't seem to make any sense from a safety and an economic point of view.

Thank you for your consideration.

Sincerely yours,

Robert L. Wilkinson
