OGLETHORPE POWER CORPORATION NAME CHANGE

Gentlemen:

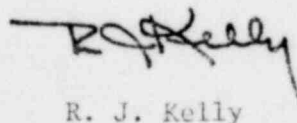

In accordance with the provisions of 10CFR50.90, Georgia Power Company proposes an amendment to Operating Licenses DPR-57 and NPF-5. The proposed amendment consists of a name change in the operating licenses.

On November 7, 1978, Oglethorpe Electric Membership Corporation changed its name to the Oglethorpe Power Corporation (OPC). Because OPC is a co-owner of Plant Hatch Units 1 and 2, it is necessary to amend the licenses to correctly identify the co-owners.

Attachment 1 contains a determination of amendment class for the proposed amendment. Attachment 2 contains the proposed amendment for Unit 1 and Attachment 3 contains the proposed Unit 2 amendment.

We request your early review and approval of this administrative action.

Very truly yours,

  
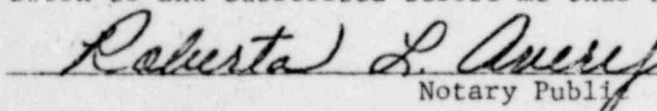

R. J. Kelly

- b) The proposed amendment does not contain several complex issues, does not involve ACRS review, or does not require an environmental impact statement;
- c) The proposed amendment does not involve a complex issue, an environmental issue or more than one safety issue;
- d) The proposed amendment does not involve a single safety or environmental issue;
- e) The proposed amendment is administrative in nature; namely, the change in name of one of the co-owners;
- f) The amendment is therefore a Class II amendment for one unit, and a Class I amendment for the other unit.
