Dear Mr. O'Reilly:

In my letter of August 15, 1979 I provided responses to two infractions cited in the above referenced inspection. The response to both items was the position that the items were not considered to be in noncompliance. Subsequent discussions have more clearly identified the scope and intent of the items. The items, as clarified, have been corrected and were in fact closed in Mr. W. P. Ang's inspection documented in Inspection Report 50-269/79-22, -270/79-20, -287/79-22. It is therefore requested that these items be considered as corrected items of noncompliance.

Very truly yours,

William O. Parker, Jr.
