Washington, D. C. 20555

Re: Limerick Generating Station Units 1 and 2  
Docket Nos. 50-352 and 50-353

Dear Mr. Denton:

Enclosed for filing with the Commission is Amendment No. 25 to the License Application of Philadelphia Electric Company for Limerick Generating Station Units 1 and 2. This Amendment requests the issuance by the Commission of full-term, full-power Operating Licenses for the Limerick Units. This filing consists of the following:

- i) three originals and 17 copies of Amendment No. 25 to License Application of Philadelphia Electric Company
- ii) fifteen copies of the Final Safety Analysis Report consisting of 16 volumes
- iii) fifteen copies of the Emergency Plan consisting of two volumes
- iv) fifteen copies of a single volume Fire Protection Evaluation Report

- v) five copies of the Security Plan and five copies of the Safeguards Contingency Plan which are being transmitted under separate cover with a request that these documents be withheld from public disclosure in accordance with Section 2.790(d) of the Commission's Regulations for security reasons.

Also transmitted herewith in accordance with Part 51 of the Commission's Regulations are twenty copies of the four-volume Limerick Generating Station Units 1 and 2 Environmental Report - Operating License Stage.

We are also forwarding ten copies of the two volume Limerick Generating Station Probabilistic Risk Assessment prepared at the request of your Mr. D. Eisenhut in his letter dated May 6, 1980. Certain detailed fault trees which were prepared as part of the Assessment are being transmitted under separate cover with a request that they be withheld from public disclosure in accordance with Section 2.790(d) of the Commission's Regulations for security reasons.

Very truly yours,

  
Eugene J. Bradley
