SUBJECT: VOID LETTER CONCERNING APPLICATION FOR LICENSE AMENDMENT,
CONTROL NO. 611906

Dear Mr. Tiegs:

This concerns the subject application for an Amendment to your material license and our e-mail in which we notified you that the application was deficient, and that certain additional information was required.

By your e-mail dated September 5, 2019 which included a signed letter dated August 13, 2019, you notified the agency that you will not be making any changes to your NRC radioactive materials license or business at this time and would therefore like to withdraw your license amendment request.

The NRC therefore concludes that you are no longer pursuing this application for an amendment. Therefore, you are hereby notified that this application for an amendment has been voided without prejudice. This action is without prejudice to the resubmission of an application.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Thank you for your cooperation.

Sincerely,

A handwritten signature in blue ink that reads "Latischa M. Hanson".

Latischa M. Hanson, M.Sc., Health Physicist
Materials Licensing and Decommissioning Branch
