Director of Nuclear Reactor Regulation  
Attn: William O. Miller, Chief  
License Fee Management Branch  
Office of Administration  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Dear Sir:

Three Mile Island Nuclear Station, Unit 1 (TMI-1)  
Operating License No. DPR-50  
Docket No. 50-289

In Technical Specifications Change Request No. 84 (TSCR 84), submitted under our letter of June 23, 1978 (GQL 1044), it was determined that TSCR 84 was a Class III License Amendment. Our submittal therefore included Met-Ed Check No. 79491, in the amount of \$4,000.00.

Your letter of August 16, 1978 indicated that you had identified TSCR 84 as a Class IV License Amendment, because it involved a complex issue. Therefore, enclosed please find Met-Ed Check No. 90868 in the amount of \$8,300.00. This check, when combined with Met-Ed Check No. 79491, will bring the total remittance for TSCR 84 to \$12,300, the proper amount for a Class IV License Amendment per 10 CFR 170.22.

Sincerely,

  
J. G. Herbein  
Vice President-Generation
