Docket Number  
Export-Import 11000495

Dear Sir,

I stand opposed to the sale of any  
nuclear reactors to the government of President Ferdinand  
Marcos. I feel that the additional threat of  
terrorist attack is sufficient to rule out this  
sale.

The Honorable Cyrus R. Vance  
The Secretary of State  
Washington, D.C. 20520

Dear Mr. Secretary;

I recently acquired very disturbing information that the U.S. is selling a nuclear reactor to the Philippines. Clearly, considerations of environment, health and safety issues have been ignored if we can not resolve these in our own affluent nation. But in addition, we need to stop supporting a repressive government that permanently silences dissidence. This country and other underdeveloped countries need employment for many and improved sources of food, the basic survival techniques. I ask that we stop proliferating U.S. self-serving interests and begin a real campaign in Human Rights.

Sincerely,

*Nadine Henneman*

I oppose the sale of a reactor to those in  
the Philippines. And for that matter, to any in the  
third world. Watching how the Mexicans Allowed  
A Natural gas Accident of great proportions and  
still don't have it under control reaffirms my  
feelings that the developing nations do not have  
the technology needed to use nuclear energy.  
Also, they not only ~~are~~ are without N.R.C.-type  
groups, but many time thier presses are just  
puppets and how would we be able to prepare for  
probslems we never heard of? Thank-you, Philip Riley

SCIENTISTS & BUREAUCRATS, CITIZENS:  
RE: BATAAN NUCLEAR PLANT

I UNEQUIVOCALLY OPPOSE THE  
SALE OF A NUCLEAR REACTOR TO  
THE PHILIPPINES. NOT ONLY IS THE  
SITE ON A MAJOR FAULT LINE,  
BUT THERE ARE FIVE VOLCANOS WITHIN  
A HUNDRED MILES, AND THE AREA HAS  
A HISTORY OF BEING STRUCK BY TIDAL  
WAVES. DO NOT LET WESTINGHOUSE  
SELL THIS REACTOR.
