Mr. Charles Bechhoefer, Chairman  
The Atomic Safety and Licensing Board  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20545

Dear Mr. Bechhoefer:

I have received a notice dated July 23, 1979 and signed by you that one or more prehearing conferences will be held with respect to removal and replacement of steam generators at Palisades Plant. Certain aspects of this issue are of interest to Consumers Power Company ratepayers which this Commission must by law protect. I, therefore, respectfully request advance notice of those conferences and the issues to be discussed so that we may determine whether to attend. Please send the notices to Ronald C. Callen, Director - Scientific Research and Evaluation, at the above address.

Thank you for your consideration.

Sincerely,

Daniel J. Demlow
