Dr. Harold Denton
Director, Office of Nuclear Reactor Regulation
Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Dr. Denton,

As a resident of the seacoast area
of New Hampshire, I am deeply concerned with
the safety aspects of the Seabrook Nuclear Power
Plant, especially the inadequate planning for
evacuation in case of a nuclear accident.
I support the actions of the Seacoast Anti-
Pollution League to request a construction
stoppage until this matter is resolved to
the satisfaction of the people of the state
of New Hampshire.

Yours truly,

Ruth S. Miller (Mrs. D.G.)
