Dear Mr. Grier:

Subject: Oyster Creek Nuclear Generating Station  
Docket No. 50-219  
Licensee Event Report  
Reportable Occurrence No. 50-219/79-25/1T-0

This letter forwards three copies of a Licensee Event Report to report Reportable Occurrence No. 50-219/79-25/1T-0 in compliance with paragraph 6.6.1.a of the Technical Specifications. Please note that the report is late in violation of paragraph 6.9.2.a of the Technical Specifications. The cause of this late reporting is attributed to the sequence of vacations and absences from my office of several staff personnel including myself at the time the report was due. I have taken steps to have more than one copy of all future reportable occurrences sent to my office staff to prevent this breakdown from occurring again.

Very truly yours,

Donald A. Ross, Manager  
Generating Stations-Nuclear
