Rockville, MD 20852-2738

Subject: Revised Safeguards Information Handling and Protection Plan

Please see as an attachment to this letter the Oklo Safeguards Information (SGI) Handling and Protection Plan (the Plan), Rev. 2, as requested in conversation with NRC staff after submission of the Plan, Rev. 1. The requested revisions were not entirely pertaining to the first round of requests for additional information (RAIs) nor to changes to the Plan as results of the first round of RAIs but were deemed to be valuable to the structure and utility of the plan. In keeping with the prior submission, please note that in a review of provisions under 10 CFR 2.390, the Plan does not fall under the types of information which need to be withheld from public disclosure. Oklo Inc. developed the Plan based on publicly-available information in regulations and guidance documents.

If you have any questions or need any additional information, please contact us at [regulatory@oklo.com](mailto:regulatory@oklo.com).

Sincerely,

Caroline Cochran  
Co-Founder, COO  
Oklo Inc.

Enclosures: (1) Oklo SGI Handling and Protection Plan, Rev. 2
