**Attachments:** Wishlist CNS RP Team (IP 5-8) August 2019-003.docx; Wishlist CNS2019405 71130-11(MCA) Wishlist.docx

Hello Ms. LuAnn:

Attached are the inspection Wishlists for the RP PSC Team and SNM-MC&A Inspections that are scheduled for the week of August 19 – 23, 2019.

I will be leading the Team Inspection and will be implementing the SNM-MC&A Inspection IP 71130.11.

I would like to do the SFP bridge inspection on Tuesday, August 20, 2019. Note that I plan to have little to no movement of the bridge. We will need cameras and SFP water clarity.

I have not assigned individual inspectors to IPs 71124.05 – 08, yet.

However, the other inspectors will be John O'Donnell, Bernadette Baca, Natasha Greene.

Please check their site access badging & GET.

Should you have any questions or concerns. Please call or email me.

Th'X  
Louis Carson

**Subject:** [External\_Sender] MC&A Inspection

Hi Louis,

I understand you will be the Lead Inspector for the MC&A inspection at Cooper in August. I will be the Licensing contact for that inspection.

I'm working on some preps for the MC&A inspection and have a question for you. In past MC&A inspections, the NRC has requested access to Spent Fuel Pool, including the bridge, to verify a sample of assemblies by serial number. In order to get that activity in our site schedule, I need to know what day you would like to perform that activity. As I'm sure you're aware, schedules are developed well in advance, so we need to get this activity in the schedule.

Thanks,  
LuAnn Bray
