Subject: Greenwich Hospital Amendment for Microsphere program
Date: Thursday, September 12, 2019 4:07:00 PM

Licensee: Greenwich Hospital
License No. 06-09522-01
Docket No. 03001276
Mail Control 612640

Mr. Mink,

To support the request dated June 25, 2019, as supplemented by your September 4, 2019 letter, to add microsphere use to the license, please provide the following additional information:

1. Please confirm that you will follow all the requirements in 10 CFR Part 35 for brachytherapy sources and manual brachytherapy use, except where replaced by your commitments made in your June 25, 2019 letter. The example of source inventory was previously listed in our Request for Additional Information as one example only and was not intended to be all inclusive.
2. Please indicate if the proposed Y-90 waste storage area is currently a licensed area of use. Alternatively, you may submit revised facility diagrams indicating the new waste storage area.
3. Your response in Item 7 addresses storage of waste with a half-life of less than 120 days held in accordance with 10 CFR 35.92. Please describe disposal options for long-lived contaminants found in waste that do not meet 10 CFR 35.92 decay-in-storage criteria (e.g., Sr-90 identified with an appropriate radiation detection survey meter). For instance, will you: (i) return the microspheres to the manufacturer, if the manufacturer is authorized to receive Y-90 microspheres; or (ii) transfer the microspheres to an authorized recipient.

In addition, to support the authorization for 10 CFR 35.200 licensed material for Dr. May, you provided a statement from Ms. Wendy Kresge with an indication that she is the current RSO. The prior license provided listed Mr. Peter Capitelli as the RSO and Dr. Stanley Goldsmith as the RSC Chair. Please provide either, a copy of the current license for New York Presbyterian Hospital listing Ms. Kresge as the RSO or a statement from Dr. Goldsmith that Dr. May was approved for the use of 10 CFR 35.200 material by the RSC.

Please reply either via signed pdf sent to my email or via facsimile to 610-337-5269 within 10 days. Please include Mail Control No. 612640 in your reply. If we do not receive a reply within 10 days, we will consider that you no longer require the request and void your request. Thank you for your assistance.
