Mr. Panizo,

I have not seen receipt of your NRC application for a portable gauge license?

Also, I would like to schedule the pre-licensing visit for the week of September 23, 2019.

I will be free after 4:30 pm today.

Regards,

Geovanni,

Can you please provide Mr. Ragland with an update regarding the License application and coordinate the pre-licensing visit.

Thank you,
Randy

Subject: NRC Application

Mr. Panizo,

Have you had a chance yet to complete the application for your NRC license and send it in. I have not seen it yet.

Also, I am going to have to schedule a pre-licensing visit. I plan to conduct that sometime during the week of either September 9 or September 16. I will choose a date that is convenient for you. The visit will take about 1 ½ hours.
