**Date:** Thursday, September 05, 2019 1:36:00 PM

---

David,

This is in a request for additional information regarding the request to add a facility to the Nuclear Scan, PSC license number 52-31182-01. In order to continue our review, we need the following information:

1. Please confirm if this is a stand-alone business/building or if there are other occupants. If other occupants, are there any radioactive materials utilized in those spaces?
2. Please confirm what is meant by the phrase "Centro Medicina de Las Piedras" noted at the top of the facility diagram. Is this a new name for the company? Is this the name of the building?
3. Will the old location be removed from the license? If so, when?

We will continue our review upon receipt of the additional information. Please remember to have the letter signed by a member of management prior to submitting to my attention. Let me know if you have any questions.

Shawn
