Hi Tom,

Follow-up information on the financial surety questions.

- 1) Construction Completion Report (CCR) was not included in the surety estimate but likely should be.
- 2) The groundwater monitoring estimate that was provided includes the stability monitoring reporting.
- 3) The management costs are 3.9%.
- 4) The contractor profit is built into the estimate and ranges from 10% - 13%.

Let me know how you would like us to proceed in updating the submittal.

Sincerely,  
Sandra
