Re: Skagit Nuclear Power Project, Units 1 & 2  
 Dockets No. STN 50-522, 50-523

Dear Chairman Deale:

Enclosed please find the prefiled testimony of Samuel Johnson, Bruce Stoker, Alan Gregory, Roy Blunden, and Stephen Johnson.

The following witnesses have not yet been able to complete their testimony due to time limitations and the unavailability of data, but their testimony will be submitted as soon as it is available:

1. Dr. Enrico Lucco, UCSD
2. Dr. Evans, University of Washington
3. Dr. Hartz, University of Washington

Drs. Lucco, Evans & Hartz will respond to the October 11 testimony of Bruce Bolt and N. Newmark.

4. Dr. John Milliman will present his analysis of the Western Geophysical seismic marine profiles submitted by applicant in mid-September.
5. Dr. Edward Brown, of Western Washington State University, will testify on N.E. trending faults in the Skagit Valley.

Page two

We also are intending to offer the testimony of Mr. K. Priestly, a seismologist, who will reply to Dr. Bolt's and staff's testimony on seismology.

We anticipate that prefiled testimony of these witnesses will be filed and served by November 24th, 1979.

Respectfully,

A handwritten signature in dark ink, appearing to read "Roger M. Leed", is written over the typed name and title.
