Docket: NRC-2019-0063

Criteria to Return Retired Nuclear Power Reactors to Operations

Comment On: NRC-2019-0063-0003

Criteria to Return Retired Nuclear Power Reactors to Operations

Document: NRC-2019-0063-DRAFT-0028

Comment on FR Doc # 2019-15934

Submitter Information

Name: ELEANOR ETTER

General Comment

I strongly disagree with returning retired nuclear power reactors to operations. I also disagree with any loosening of safety standards. We shouldn't be moving backwards. Solar and wind are better alternative power source alternatives. Spend your money there.
