~~Confidential Restricted Data~~

In accordance with Reference above, GLE has attempted to obtain further analytical proof of previous engineering studies from a federal laboratory. This has resulted in a cost estimate and anticipatory results that are both extraordinary and unwarranted. GLE requests a National Security Information classification determination based on engineering studies and scientific analysis obtained from an internal laboratory. Our request is written in detail in Enclosure 1. Supporting studies are attached in Enclosure 2.

If you have any questions or need clarification or additional guidance at any time, please contact me at (910) 819-7447.

Sincerely,

Pat CH Jenny  
Facility Security Officer/ Licensing Manager
