Hi Briana,

Following up on my phone call today, this email is to document that we are in a review process (including general counsel) that may extend beyond the Oct. 11 target date for finalizing NMFS's response. I do not have more definitive information on the time frame for you (e.g., if the NMFS response will be finalized 2-3 weeks beyond Oct. 11). We continue working on the response as I speak.

Sarah

Hi Ben and all,

Sarah and I spoke and she believes she will be submitting the consultation letter for internal review by the end of week. Barring any unforeseen issues, we believe we can complete consultation by 10/11. We are happy to keep you apprised and will certainly let you know if complications arise.

Thanks.
