

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001

October 24, 2019

Mr. Michael J. Mosley
Secured Transportation Services
5210 Palmero Court, Suite 107
Buford, GA 30518

SUBJECT: ROUTE RE-APPROVAL APPLICATION (U.S. NUCLEAR REGULATORY
COMMISSION ROUTE NO. 192), DOCKET NUMBER: 070-07011

Dear Mr. Mosley:

I am responding to your letter dated March 25, 2019, which requested that the U.S. Nuclear Regulatory Commission (NRC) re-approve Truck Route No. 192, which was scheduled to expire February 28, 2022. Route No. 192 is used for transporting spent nuclear fuel.

The NRC has reviewed your application and concluded that the information you provided dated March 25, 2019, satisfies the requirements of Title 10 of the *Code of Federal Regulations*, Section 73.37. However, the NRC expects that the name of the governor designee be updated/corrected prior to use. This letter constitutes approval. The approved route is now designated as Truck Route No. 192B and will expire October 31, 2024. The NRC expects your periodic review and update of the emergency telephone numbers associated with this route. Changes to emergency contact numbers do not qualify as a route deviation or change.

If you have questions on this route approval or require additional information please contact Mr. Alex Sapountzis at (301) 287-3660, or via e-mail at Alexander.Sapountzis@nrc.gov.

Sincerely,

/RA/

Alison Rivera, Chief
Materials Security Branch
Division of Physical and Cyber Security Policy
Office of Nuclear Security and Incident Response
