Docket 70-7016  
SNM-2019

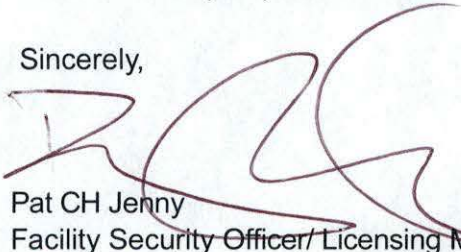

Subject: (U) Request for Approval and a Page Change of Revision 1 to Transportation  
Plan for Classified Matter and Approval to Bury Classified Waste  
Reference: 1)GLE 2019-0105, dated July 11, 2019  
2)GLE 2019-0122, dated September 30, 2019

Dear Madame,

Attached is a page change to Revision 1 of GLEP -00079-R, Transportation Plan for Classified Matter, page 6, section 4.5. Global Laser Enrichment (GLE) discussed telephonically details of the previously submitted response to the Request for Additional Information (Reference 2). In question on this phone call was RAI 7. GLE understands the request and has revised page 6 accordingly. Therefore GLE is requesting both the approval for secure burial in the NNSA Nevada National Security Site (NNSS) of classified items associated with the project in accordance with 10CFR95.47, and the approval to transport these items to NNSS via GLEP-00079-R, Revision 1 to the Transportation Plan with page change in accordance with 10CFR95.39(e). Attached you will find the revised page 6 of the transportation plan, revision 1. To meet project requirements we request approval by Oct 30, 2019.

If you have any questions or need clarification or additional guidance at any time, please contact me at (910) 819-7447.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Pat CH Jenny', is written over the typed name.

Pat CH Jenny  
Facility Security Officer/ Licensing Manager
