Supplement to Recently Submitted License Amendment Requests

In the referenced letters, NextEra Energy Duane Arnold, LLC (NEDA) submitted requests for amendments to the Operating License (OL) and Technical Specifications (TS) for the Duane Arnold Energy Center (DAEC). NEDA requested approval of the proposed license amendments in mid-to-late 2020 and that the approved amendments become effective following submittal of the required 10 CFR 50.82(a)(1)(ii) certification that DAEC has been permanently defueled. Additionally, NEDA hereby requests implementation within 30 days of the approved amendment effective date.

In accordance with 10 CFR 50.91, a copy of this application is being provided to the designated State of Iowa official.

This supplement does not impact the 10 CFR 50.92 evaluation of "No Significant Hazards Consideration" previously provided in the referenced applications.

This letter contains no new or revised regulatory commitments.

If you have any questions or require additional information, please contact Michael Davis, Licensing Manager, at 319-851-7032.

I declare under penalty of perjury that the foregoing is true and correct.
