Mr. Murphy,

This refers to your request to amend your license dated August 19, 2019. In order to continue our review of your request, the following additional information is needed:

1. In NUREG-1556 Volume 1, Rev. 2, Item 8.13, it states that the representative that is signing the application/letter must be authorized to make binding commitments and to sign official documents on behalf of the applicant/licensee. Please have a representative of your company that is authorized to make binding commitments and to sign official documents, sign and date the reply to this request for additional information (please note this individual will be listed in our NRC database as the management representative for this license). OR

Please provide a letter signed by a representative of your company, who is authorized to make binding commitments and to sign official documents on behalf of your company, that delegates that authority to you to make binding commitments and sign official documents on behalf of your company in regards to management and operation of your radiation safety program.

[NRC: Consolidated Guidance About Materials Licenses: Program-Specific Guidance About Portable Gauge Licenses, Final Report \(NUREG-1556, Volume 1, Revision 2\)](#)

2. Please provide copies of your certificates for portable gauge/RSO training.
3. Due to the reformatting of NRC licenses, please provide total number of each type (manufacturer, model #) of portable gauges/lead analyzers that you would like to possess under your license.

Your reply must be an originally signed and dated letter. The letter may be scanned and submitted as a pdf document attached to an email; or it may be transmitted by facsimile to (610) 337-5269; or it may be sent by regular mail. If we do not receive a reply from you within 30 calendar days from the date of this e-mail, we will assume that you do not wish to pursue your amendment request.
