Docket Number 50-346, License Number NPF-3
Emergency Response Data System (ERDS) Change to Current Virtual Private Network

Pursuant to 10 CFR 50, Appendix E, VI.3.b, the FirstEnergy Nuclear Operating Company (FENOC) is hereby notifying the Nuclear Regulatory Commission of its intent to implement a change to the Emergency Response Data System virtual private network (VPN) that is currently scheduled to take place on December 11, 2019. The existing ERDS information flow path is through a VPN device located at a centralized corporate location with communication protocols reflecting this path. FENOC intends to install a new VPN device, with associated communication protocols, at an on-site location at the Davis-Besse Nuclear Power Station.

There are no regulatory commitments contained in this letter. If there are any questions or if additional information is required, please contact Mr. James M. Vetter, Manager – Site Regulatory Compliance (Acting), at (419) 321-7393.

Sincerely,

for M. B. Bezilla
