**Model No. TRUPACT II Package**  
**Certificate of Compliance No. 9218**  
**Revision No. 24**

**SUMMARY**

On September 6, 2019, the U.S. Nuclear Regulatory Commission (NRC) issued the Certificate of Compliance (CoC) No. 9218, Revision No. 23, for the Model No. TRUPACT II package.

Due to a word processing error, some revision numbers were incorrectly identified in the header of the CoC.

The certificate has been reissued, as Revision No. 24, to reflect the correct revision number on each page of the CoC.

**EVALUATION**

The staff considers the issuance of Revision No. 24 of the CoC administrative in nature since the correction of an error in the heading of the certificate does not affect the ability of the package to meet the requirements of Title 10 of the *Code of Federal Regulations* (10 CFR) Part 71. No other changes were made to the CoC.

Issued with Certificate of Compliance No. 9218, Revision No. 24,  
On November     , 2019.
