To whom it may concern,

Saint Francis Medical Center requests the following additions to our NRC license, Number 24-00158-03.

Please add Marc A. Apostol, MD, and Randall Clark, DO, for materials and use 10 CFR 35.100, 35.200, and 35.300 (limited to the oral administration of sodium iodide I-131). Drs. Apostol and Clark are currently listed as authorized users on NRC license number 24-00128-03 for Southeast Missouri Hospital.

Please add Patrick M. Keating, MD, for materials and use 10 CFR 35.100, 35.200, and 35.300 (limited to the oral administration of sodium iodide I-131). Dr. Keating is currently listed as an authorized user on NRC license number 24-00128-03 for Southeast Missouri Hospital. In addition to these materials and uses, we would like to add for Dr. Keating, 10 CFR 35.1000 (limited to the use of yttrium-90 as TheraSpheres). Documentation is included.

We also request the removal of the following authorized users who are no longer on staff:

Rajinder M. Gulati, MD
William Michael Pelton, MD
Willeford Stoecker, MD
Adam Ross Todd, MD

These requests were approved by the Radiation Safety Committee on September 12, 2019.

You may contact the Nuclear Medicine Department, Gwen Long, at 573-331-5942, with any questions or concerns.

Respectfully

Gerry Salter, MBA, PT
Vice President of Specialty Practices
