Attention: Mr. James Smith, Senior Project Manager

United States Nuclear Regulatory Commission

Uranium Recovery and Materials Decommissioning Branch

Division of Decommissioning, Uranium Recovery and Waste Programs

Office of Nuclear Material Safety and Safeguards

Dear Mr. Smith,

Reference: Supplemental Submittal for Application for Amendment of USNRC Source Material License SUA-1475 for the United Nuclear Corporation Mill Site, McKinley County, New Mexico

On behalf of United Nuclear Corporation and the General Electric Company (UNC/GE), this letter transmits a supplemental submittal to the *Application for Amendment of USNRC Source Material License SUA-1475 for the United Nuclear Corporation Mill Site* dated September 24, 2018. Included with this submittal are the 2018 Northeast Church Rock Jetty Investigation Report that was finalized after the application was submitted, along with revised sections of the LAR incorporating using the jetty excavation soils as borrow material for the Repository cover system. The documents have been submitted electronically via the USNRC Electronic Submissions System and the associated cover design modeling files have been submitted on CD via US Mail.

Please contact me with questions on accessing the documents and contact Roy Blickwedel (UNC/GE) with questions on the submittal.

Regards,

Stantec Consulting Services Inc.
