Regarding:

[Docket Nos. 50-438 and 50-439; NRC-2019-0228]

Bellefonte Nuclear Plant;
Consideration of Approval of Transfer
of Construction Permits and
Conforming Amendment
AGENCY: Nuclear Regulatory

Dear Mr. Chairman,

I would like to support the transfer of the construction permit for Bellefonte Nuclear Plant to Nuclear Development, LLC (ND).

As a former President & CEO of the Jackson County Economic Development Authority, we have always supported the completion of Bellefonte Nuclear. The economic benefits of having this plant completed are huge for our county and for our region. We have anticipated this plant being finished many times and hope that ND can do what TVA has not been able to do – complete Units 1 and 2.

It has been a travesty and colossal waste of tax payers dollars by not completing this plant. We want to see it completed.

I am a current resident of Jackson County (since 1988) and live within site of the Bellefonte Nuclear Plant Cooling Towers.

Thank you!
Goodrich A. Rogers
