**SUBJECT: V. C. SUMMER UNIT 1 NUCLEAR POWER PLANT - OPERATOR LICENSING
OPERATING TESTS APPROVAL 05000395/2019301**

Dear Mr. Moore:

The purpose of this letter is to confirm the final arrangements for the upcoming operator licensing operating tests at V. C. Summer (Unit 1) Nuclear Power Plant.

The NRC staff will administer the operating tests during the week of December 9, 2019. The list of the applicants approved to take the examination has been provided to Mr. Robert Johnston, Lead Developer. The examination has undergone extensive review by my staff and representatives responsible for licensed operator training at your facility. Based on this review, I have concluded that the examination meets the guidelines of NUREG-1021 for content, operational, and discrimination validity.

Please contact the Chief Examiner, Mr. Michael Meeks, at (404) 997-4467 if you have questions or identify any errors or changes in license level (reactor operator or senior reactor operator) or type of examination (partial or complete written examination or operating test, or both) specified for each applicant approved to take the examination.

Sincerely,

/RA/

Eugene F. Guthrie, Chief
Operations Branch 2
Division of Reactor Safety

Docket No.: 50-395
