Jon and Eli,

Based on the discussion with Eli, over the phone on November 22, 2019, you have not distributed any products in the last couple of years. Your last distribution report, dated January 31, 2016, signed by Mr. Brian Langkan is in our database.

Please confirm that you have no more distribution after the end of 2015. We will need to document this information before terminating the license.

We appreciate your quick response to this matter, this action is reaching to the end of our timeline. If we do not receive a reply from you within 10 calendar days from the date of this email, we will need to close this action.

Thanks,
Shirley

Shirley Xu

Shirley,
Eli and I spoke about this and are working on gathering the information required.
Jon

Jon,

Thanks for your response. Please see the attached email, we are waiting for the distribution report for the calendar year.

Please feel free to contact me if you have any questions.

Thanks,
Shirley

Hello Shirley,

Thank you for contacting us about Neil's request to terminate our license.

I will act as your key contact on this matter from Honeywell now that Neil has retired. We have been utilizing RSSI as a third party to guide us through our NRC obligations, I have copied him on this email and also attached the original request Neil made to you.

My direct contact info is 860-503-9926 and Eli Port's from RSSI is 847-965-1999

Thanks for your help.

Subject: [External] The NRC License Number 12-15023-02E

Dear Sir/madam,

We received a letter from Mr. Neil Pederson requesting the termination of your NRC license which authorized for distribution of smoke detector containing americium-241.

It occurred to us that Mr. Pederson has left your company. Would you please let us know the right person whom we can talk to regarding the request?

Regards,

Shirley Xu
