Hi Ty,

I have completed my initial acceptance review of MIT's 2019 financial assurance update and determined that it reasonably includes adequate information to perform a detailed technical review.

Please note that beginning the week of November 10, I will be going on rotation to OGC for at least six months. Beginning that week, Shawn Harwell will be the main point of contact.

Thanks,

Reggie

Attached is the RWR for the MIT review.

Reggie will work with Shawn Harwell in the new FA organization for the review.

Importance: High

Hi Chris

FYI: Attached is a Reviewer Work Request (RWR) requesting Risk and Technical Analysis Branch support for the review of MIT's Financial Assurance update.

Action: Please review the RWR and provide a response by Wednesday, October 11, 2019. If additional time is needed, please let Ty and me know.

Thanks,

Jake
