SUBJECT: *Seabrook License Amendment Proceeding, Docket No. 50-443 LAR*

Dear Atomic Safety and Licensing Board Panel Members:

Attached please find re-filed and corrected Exhibit INT051, SUPPLEMENTAL TESTIMONY OF VICTOR E. SAOUMA, PH.D REGARDING ADEQUACY OF PETROGRAPHIC DOCUMENTS TO SUPPORT MINERALOGICAL COMPARISON BETWEEN SEABROOK CONCRETE AND LSTP TEST SPECIMENS. The document has corrections: (a) addition of a cover sheet; and (b) removal from the second page of a heading that mistakenly stated that the document “may contain proprietary information.” To clarify, Exhibit INT051 does *not* contain proprietary information.

Sincerely,

/s/

Diane Curran
