Mr. Robert L. Tedesco  
Assistant Director for Licensing  
U. S. Nuclear Regulatory Commission  
Washington, D. C. 20555

Reference: Docket 50-160

In response to your letter of May 22, 1981, we are submitting, as an enclosure to this letter, revised pages for our Proposed Physical Security Plan for the Georgia Tech Research Reactor. We believe that these pages provide the information requested in your letter. It is our understanding that the enclosure contains information of a type specified in 10CFR 2.790 (d) and should be withheld from public disclosure.

If you have any additional questions, please call or write.

Sincerely yours,

  
John L. Russell, Jr., Director  
Nuclear Research Center

JLR:lrn

Enclosure: As stated (3 copies)

cc: Safeguards Committee Members (without enclosure)
