Inservice Inspection Relief Request  
Submittal  
(File: 2-1510)

Gentlemen:

On May 13, 1981 AP&L submitted a relief request per the requirements of 10 CFR 50.55 a(g)(4) on the present ASME Section XI code used at ANO-2. Upon further evaluations at the plant site it was determined that a relief request was not necessary. On May 15, 1981 we verbally communicated this fact to your Mr. Robert Martin and committed to formally document our intentions. Therefore, we are hereby withdrawing our May 13, 1981 relief request.

Very truly yours,

William Cavanaugh III
