

UNITED STATES OF AMERICA
NUCLEAR REGULATORY COMMISSION
BEFORE THE ATOMIC SAFETY AND LICENSING BOARD

IN THE MATTER OF

I

TEXAS UTILITIES GENERATING
COMPANY, et al.

Docket No. 50-446

(Comanche Peak Steam Electric
Station, Units 1 and 2)

I

(Application for
Operating Licenses)

MOTION FOR VOLUNTARY DISMISSAL

TO THE HONORABLE JUDGE OF SAID COURT:

Intervenor ACORN, by and through its attorney of record,
DWIGHT H. MOORE, Executive Director of West Texas Legal Services,
moves the Atomic Safety and Licensing Board for voluntary dismissal
from this proceeding, and would respectfully show the Board the
following:

I

Intervenor ACORN is a non-profit organization which operates
on limited funds.

II

In initiating and carrying out this litigation, Intervenor
ACORN was reasonably under the impression that expert witnesses and
consultants who are necessary to this litigation would be made avail-
able free of charge. Unfortunately, however, such expert witnesses
have not been provided. The cost involved in paying the consultants
and expert witnesses who are necessary to continue this litigation
would be massive; ACORN has limited funds and cannot afford to pay for
these consultants and experts. It has therefore become necessary
for Intervenor ACORN to ask this Board for a voluntary dismissal from
this proceeding.

Intervenor ACORN requests that this Motion for Voluntary
Dismissal be granted.

Respectfully submitted,

Dwight H. Moore
Executive Director
West Texas Legal Services
Counsel for Intervenor ACORN
