Mr. Zoltan R. Rosztoczy, Chief
Equipment Qualification Branch
Division of Engineering
U. S. Nuclear Regulatory Commission
Washington, D. C. 20555

Dear Mr. Rosztoczy:

Perry Nuclear Power Plant
Docket Nos. 50-440; 50-441
Equipment Qualification

This letter is sent to update the information in our October 30, 1980 letter to D. G. Eisenhower concerning Environmental Qualification of Safety-Related Equipment.

Attached is the list of equipment identifying the current status of the qualification testing.

As you can see, testing of some equipment has been completed and other test schedules have been revised. We will continue to keep you informed as to our qualification testing program to facilitate your timely review and evaluation.

If you have any questions, please contact Mr. Eugene Williman of my staff.

Very truly yours,

M. R. Edelman
