Subject: Docket No. 50-482: Response to Generic Letter No. 89-10,
Safety-Related Motor - Operated Valve
Testing and Surveillance

Gentlemen:

The purpose of this letter is to affirm that Wolf Creek Nuclear Operating Corporation (WCNOC) will meet the schedule requirements of Generic Letter No. 89-10; "Safety-Related Motor-Operated Valve Testing and Surveillance". This Generic Letter requires a program to ensure that all safety-related motor-operated valves (MOV) and position changeable MOV in safety-related fluid systems will function when subjected to design basis conditions or during abnormal events within the design basis of the plant.

If you have any questions concerning this matter, please contact me or Mr. O. L. Maynard of my staff.

Very truly yours,

John A. Bailey
Vice President
Nuclear Operations
