U. S. Nuclear Regulatory Commission
Washington, D.C. 20555

SUBJECT: COMANCHE PEAK STEAM ELECTRIC STATION (CPSES)
DOCKET NOS. 50-445 AND 50-446
RESPONSE TO CASE DOCUMENTED REQUEST FOR ACTION -
SCALING CALCULATIONS

Dear Mr. Grimes:

On December 21, 1989, Texas Utilities Electric Company submitted its response to CASE's December 6, 1989 Documented Request for Action Concerning Scaling Calculations. Information was inadvertently omitted from this response as it was electronically transferred from Comanche Peak Steam Electric Station to Dallas for signature. The superscript for footnote 2 was then reinserted in the wrong location. Please replace TXX-89850 with the enclosed corrected copy of TXX-89850 which shows footnote in its proper location and contains revision bars annotating the information which was previously omitted and which has now been incorporated.

Very truly yours,

W. G. Counsil
