SUBJECT: REQUESTED DOCUMENTATION

Enclosed are two (2) copies of the ABWR master index. This index is made up of the indexes that are in the front of each chapter.

Also enclosed are the Amendment 8 changes you requested for Carlyle Michelson. One package is the non-proprietary portion; one is the proprietary portion, excluding Chapter 19 pages. Chapter 19 has been included as a complete copy with amendments through Amendment 9

I am sending an identical package to Mike Carmel of Sandia National Laboratory as you requested.

I will be sending out a page status listing for the SSAR in early January. This should help holders of the SSAR in determining the validity of pages in their copy.
