Mr. Harold Denton  
Director  
Office of Nuclear Reactor Regulation  
Nuclear Regulatory Commission  
Washington, D. C. 20555

Dear Mr. Denton:

Our Department has been conducting a study of potential improvements to ferry services across Long Island Sound. One proposed terminal would be located in Shoreham or Wading River near LILCO's nuclear plant.

Would you please advise of NRC regulations or criteria that would prohibit or restrict construction of a ferry terminal or access road in the vicinity of that plant.

Thank you for your cooperation.

Sincerely,

*Wilson Campbell*
