Subject: Diverse Instrumentation of BWR Scram System

Reference: 1) T. A. Ippolito letter to J. M. Pilant  
Dated March 6, 1981

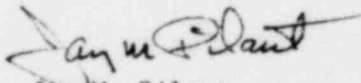

2) J. M. Pilant letter to D. G. Eisenhut  
Dated December 15, 1980

Dear Mr. Eisenhut:

Reference 1 requested that we modify our commitments outlined in Reference 2 regarding diverse instrumentation to include Safety Criterion 3 of your Generic SER dated December 1, 1980. Our design will fully meet your criteria on Diverse Instrumentation. The previous response, Reference 2, did not specifically address this since at that time we were not yet in receipt of the SEK mentioned above, thus, precluding us from addressing this issue.

If you have any further questions, please contact my office.

Sincerely,

  
Jay M. Pilant  
Director of Licensing  
and Quality Assurance
