Re: DEIS - Comanche Peak Steam
Electric Station, Units 1 & 2

Dear Mr. Youngblood:

We have received and reviewed the document referenced above. Pursuant to Section 102(02)(c) of the National Environmental Policy Act of 1960 the above referenced document does not contain a sufficient level of information to allow review of the cultural resources. Our office does not have copies of the archeological investigations mentioned on 4/21/81. We request copies of reports concerning the cultural resources of the project area so we can complete review.

Sincerely,

Truett Latimer
State Historic Preservation Officer
