Attention: Mr. Robert L. Tedesco

Dear Mr. Tedesco:

Pursuant to your letter dated April 29, 1981, enclosed are five copies of Texas Utilities Generating Company's comments concerning the Nuclear Regulatory Commission Responses to the Comanche Peak Steam Electric Station Physical Security Plan. Also, enclosed are five copies of our Comanche Peak Steam Electric Station revised Physical Security Plan.

Our responses to the Nuclear Regulatory Commission Comments on the Comanche Peak Steam Electric Station Security Training and Qualification Plan, with Revision to this Plan, were submitted earlier this month.

Your prompt consideration of these comments and revisions will be appreciated.

Respectfully submitted,

R. J. Gary
