Subject: Audit documents needed for the Robinson SPRA Review - Seismic Hazard Analysis
Date: Wednesday, January 08, 2020 11:00:00 AM

Greetings Lee,

Based on the initial review of the H.B. Robinson Nuclear Plant, Unit 2, (RNP) seismic probabilistic risk assessment (SPRA) submittal (ADAMS Accession No. ML19346E204, non-public), please make the following information available in the electronic portal for staff audit (reference numbers from Section 7 of the report are included for clarity):

- Reference 16 - Station calculation for the Final Seismic Analysis
- Reference 40 - Station calculation for the Liquefaction Analysis for Robinson Plant
- Reference 41 - Station calculation for the Liquefaction Sensitivity Analysis for Robinson Plant
- Reference 42 - Station calculation for the Site-Wide Liquefaction Evaluation.
- Reference 43 - Station calculation for the Liquefaction Settlement Calculation
- Reference 47 - Station calculation for the Geotechnical Analysis Report
- Reference 67 - Station calculation for the Seismically Induced Liquefaction Fragility Evaluation of Robinson Dam
- Reference 83 - Station calculation for the Geotechnical Analysis Report

Please let me know when these documents are uploaded and if you have any questions regarding this request.

Thanks in advance for your help.

Respectfully,

Milton Valentín, PM
