Dear Chairman Bechhoefer:

Thank you for bringing the South Texas Nuclear Project licensing hearings to San Antonio.

Many of my friends and colleagues in Austin were dismayed to hear that the Board would not give them and the citizens of Austin an opportunity to have the hearings in Austin.

We would greatly appreciate it if you would convince the N.R.C. to divide the remaining weeks of hearings between Houston and Austin so that all members of the Project can be fairly represented and the citizens will have an opportunity for input.

Sincerely yours,

Charles D. Levein, M.D.
