Subject: Emergency Notification System
Cooper Nuclear Station
NRC Docket No. 50-298, DPR-46

Reference: 1) Letter from K. V. Seyfrit to J. M. Pilant
Dated June 19, 1981, same subject

Dear Mr. Seyfrit:

Reference 1 requested that the District provide information relating to logistic support for the Emergency Notification System upgrade. Page 1 of your letter requested that we provide this information to C. H. Hackney by this date, while page 2 of the letter stated that no response is required. The District has experienced difficulties compiling the information in the two weeks allotted.

As discussed with Mr. Hackney, this letter is written to inform the staff that the requested information will be provided by July 20, 1981.

If specific details are required prior to that time, please feel free to contact me.

Sincerely,

Jay M. Pilant
Director of Licensing
and Quality Assurance
